

**Case Files® Collection** from **McGraw Hill** is a digital library that offers content from the best-selling Case Files® series. This comprehensive case collection helps students learn and apply basic science and clinical medicine concepts in the context of realistic patient cases.

**The Case Files® Collection helps students at all levels to bridge the gap between knowledge and application.**

The Case Files® Collection provides premier case content with the goal of improving learning outcomes through exposure to clinical cases. It features:

- ▶ The **complete collection** of basic science, clinical medicine, and post-graduate level cases from **23 Case Files® series books** as well as online-only cases
- ▶ An **dynamic digital format** to help students learn and retain knowledge through exposure to realistic patient cases
- ▶ **Personalized functionality** to let users mark their progress through completed and unseen cases
- ▶ **Case Files® Podcasts** featuring 60+ conversational, informative episodes correlated with the cases in the collection. Narrated by series editor Dr. Eugene Toy
